Re: 2018 Mission Support and Mission Grants

Dear Friends,

This packet contains your congregation's 2018 Mission Support Form and a 2018 Mission Grant Application form. We ask that you distribute these forms to the appropriate groups within your congregation.

The 2018 Mission Support Form is your congregation's pledge to the work of our presbytery. The amount of dollars you pledge to the Synod/Presbytery in Part 1 helps us determine the costs of ministry projects and administrative costs over and above per capita amounts. *Please return your Mission Support Form by December 31, 2017.*

Mission pledges provide funds for local mission projects of congregations as well as special ministries like Camp Sawtooth and Campus Ministry at the College of Idaho to name but a few of the projects in our presbytery. These funds also provide part of the administrative costs of our presbytery's mission personnel, namely our Presbytery Executive whose work is to be a link between congregations and to be our advocate for and representative of our presbytery at the Synod of the Pacific and the General Assembly.

Included in this mailing is the 2018 Mission Grant Application Form. We invite you to apply for funds that might assist your church with a program or project. Mission grants are partnership funds between your congregation and the presbytery that will help you to proclaim the gospel of Jesus Christ in our communities. *Please note that the 2018 Mission Grant Applications must be received by October 15 to be considered.*

We ask that you prayerfully consider your mission support and applying for a mission grant in 2018.

May God bless you

Mission Strategy Committee
