For those who will have to drive an hour or more to get to FPC Boise, you might want to consider spending the night. If you have family or a friend in Boise or close to Boise, maybe you can spend the night with them. If that option won't work, we are working on finding host families in the Boise area. – registration to follow

We are hoping that churches will invite their sessions (even those who aren't commissioners to the meeting) and consider it a chance for continuing education for them. We will also invite Covenant Network supporters from Kendall and Eastern Oregon (who expressed interest at GA) and will pay for their lunches if they'd like to stay.
